

## materials

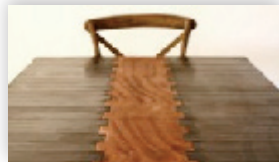

### Glass / Blown Glass

Used from everything from Lamps, Pendants, Terrariums, and Cloches, blown glass is making its way back in to modern home accents.

### Metal

Matt Metals  
Matt Stainless Steel  
Hot- Rolled Steel : metal with an industrial look. There is a unique natural design created on the steel by the cooling process.

Hot Rolled Steel and mahogany wood.

Hot Rolled Steel side table with raw exposed welds

### Paper Mache

High Design meets Paper Mache.

### Poly

(methyl methacrylate)  
A.K.A. Acrylic, Lucite, Perspex. Every designer will tell you: Just one piece of acrylic furniture will shake up any room in any style. It's a one-piece makeover.

### Textile: Exotic Handcrafted

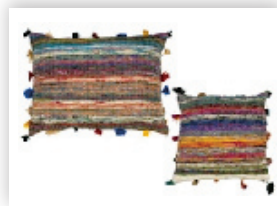

From aguayos to ikats to suzanis, 'exotic' handcrafted textiles are enjoying considerable popularity in Western interiors, and Moroccan Wedding Blankets are no exception. The creamy, sequined blankets, or handira, are a window onto traditional Berber culture.
